About the University:

The Institute of Advanced Studies in Education (IASE) is being sponsored by a non-governmental, Non-profit-motive making registered society, namely, Gandhi Vidya Mandir (GVM). The Government of India accorded it the formal recognition of Deemed to be University, under Section 3 of the UGC Act-1956 vide notification F.9-29/2000-U.3 of 25th June 2002, and by the UGC vide notification F.6-25/2001 (CPP-I) of 17th July 2002.

The University nestles like an oasis in the Thar Desert, near the town of Sardarshahr in India's north-western state of Rajasthan. It is about 300 km west of Delhi, 125 km east of Bikaner and 250 km north of Jaipur (connected by rail and road). GVM was founded in 1950, on a 1190- acre piece of land, on one of the harshest and most backward terrains. Acutely prone to droughts, heat and cold waves, epidemics and other travesties of nature, GVM has striven to alleviate the acute backwardness through various permanent and adhoc programs of education, culture, livelihood, health and hygiene, vocations etc.

GVM was the vision of Shri Kanhaiyalal Dugar who later embraced sanyas and came to be known as Swami

Shri Ramsharanji Maharaj, an embodiment of universal humanism. He, with the blood and sweat of many devoted social workers, philanthropists, students and staff, created this epitome of emulative excellence in human endeavour. Swamiji dedicated his entire life and all his personal wealth to the cause of education and upliftment of the down-trodden.

IASE (Deemed to be University) of GVM boasts of resident / non-resident students, from UG to Ph.D. level. There are separate faculties in Humanities & Social Sciences and Education. After an arduous toil of over fifty years, Institute of Advanced Studies in Education (IASE) of GVM was formally recognized as Deemed to be University of Government of India and UGC, in 2002. IASE is India's premiere Institute in the Faculty of Education, facilitating teacher's training from primary level up to the doctoral stage.

About the seminar:

The generation of awareness about the human rights is one of the essential functions of the higher education learning institutions. Education is worthless if it cannot make students and society strong enough to resist the undesirable and injustice. The concept of human rights enables people to speak up when they experience abuse and corruption. Human rights empower people to live in the society with dignity. They acknowledge the importance of a person's religion and spiritual beliefs and let them practice the religion of their choice. The concept of human rights provides a guide for how workers should be treated and thus encourages equality. The right to clean air, clean soil and clean water are all important as the other rights are included in the human rights. The very existence of human beings depends on basic human rights.
