About the University

The Institute of Advanced Studies in Education (Deemed to be University) has a proud past stretching back to 1950 when the petite Gandhi Vidya Mandir, parent Institution, was established in the midst of rural barren desert land Sardarshahr. From its inception with handful of students, the institution slowly grew into a giant tree which at present imparts education from primary to post-doctoral level. It has survived many ups and downs and emerged as a public university in 2002, where it got the formal recognition of Deemed to be University, under section 3 of the UGC Act 1956. Today, the university is a vibrant centre in research and academics as it embraces its root as a value-based institution. The Institute of Advanced Studied in Education (Deemed to be University) (hereafter IASE) is an institution born out of dedication of the founder Shri Kanhaiyalal Dugar (Swami Shri Ramsharan ji Maharaj).

He was an embodiment of universal humanism with higher vision and dedication. His vision was inspired by Mahatma Gandhi and he believed in non-violence and universal brotherhood. He had dedicated entire life for betterment of society, expansion of education and for upliftment of the downtrodden in Sardarshahr. Right since its inception the vision of the institute has been to impart quality education inculcate moral value and to be good and sensible citizens.

About the Seminar

Human Rights ensure people have basic needs Everyone needs access to medicine, food, education, water, clothes to shelter By including these in a person's basic human rights, everyone has a baseline level of dignity. The goal of Human Rights in Education is to empower yourself and others to develop the skills and attitudes that promote quality, dignity and respect in the community, society and world wide. It promotes values, beliefs and attitudes that encourage all individuals to uphold their own rights and those of others. The generation of awareness about the human rights is one of the essential functions of the higher education learning institutions. Higher education can play a significant role in preventing human rights abuses by encouraging respects for human rights and fundamental freedoms. Human rights are the basic rights that a person irrespective of race, gender or any other background cannot be denied any where or at any condition.

Through proper education an individual gets aware about his rights and duties. It has potential to inculcate and imbibe human rights values. Education helps individuals to promote and protect their rights. During two days seminar, possible role of higher education in preventing human rights abuses from the society and how every man and woman can lead a dignified living and personality development. Human rights generate respect for mankind leading towards a peaceful coexistence in the society. Swami Vivekanand very truly said" if faith in our self had been more extensively taught and practiced, I am sure a very large portion of the evils and miseries that we have would have vanished. This statement clearly carries the message that a man must be truthful and benevolent toward one self and also towards the other human being, which will generate respect for mankind. The proposed international seminar is being organized to achieve this goal.

Themes/Sub Themes of the Seminar will be on following topics

1. Introduction to Human Rights
2. Human Rights as per UNO Charter & Indian Constitution
3. Human Rights In Education
4. Human Rights during War & conflicts
